## Welcome!

Established in 2001, Stellar Charters LLC is Lake Michigan's premier fishing charter. Just ask one of our many repeat clients. We have several available options to suit your needs and no prior fishing experience is necessary. Chartered trips can range from a simple half-day outing, to a fishing vacation "package" that includes several days of fishing with harbor-side lodging.

We operate 3 full-time boats that are fully equipped and licensed for 6 passengers per boat. Additional boats can easily be hired to accommodate groups large than 18 people. Whether you're planning a corporate event, or just getting out on the water with some friends, we make it our business to provide you with a fishing trip of a lifetime!

# 2026 Daily Rates

## Why Kenosha

DNR statistics have shown for years that Kenosha's charter fleet has ranked #1 in the average amount of fish caught per charter.

The months of May and June typically produce outstanding numbers of tasty Coho Salmon with bonus King Salmon mixed in. The mid-to-late summer period provides a good mixure of both Salmon and Trout, as well as some of our largest King Salmon of the year. The action continues into September and October with near-shore King Salmon and deepwater Lake Trout.

Along with the phenomenal fishing, Kenosha's harbor area has easy parking, great lodging, dining, night life, and shopping. All within walking distance from Stellar Charters LLC. Call Capt. Rich today!
